

GRATO 2021 – 7th International Conference on Grammar & Text

Lisbon, 18-20 November 2021

Call for Papers

GRATO – International Conference on Grammar & Text – is a biannual conference that aims to deepen the relationship between grammar and text / discourse, as a space for convergence and reciprocal subsidiarity. It brings together contributions from linguists whose research work is situated in different theoretical-methodological frameworks, privileging the treatment of topics of morphology, semantics, text theory and discourse analysis, from synchronic and diachronic perspectives.

GRATO 2021 will be held online, on the 18th, 19th and 20th of November 2021, and will privilege the following thematic axes:

1. Relationships and interactions between Grammar and Text;
2. Forms and constructions – descriptions and perspectives;
3. Between fact and opinion – grammatical, discursive and textual configurations;
4. Didactics and literacy in Grammar and Text.
