Lisbon, 28, 29, 30 June 2023

Faculdade de Ciências Sociais e Humanas da Universidade NOVA de Lisboa (NOVA FCSH) e Centro de Linguística da Universidade NOVA de Lisboa (CLUNL)

Focusing on the interrelation between Grammar, Text and Discourse, the 8th International Conference on Grammar & Text (GRATO 2023) builds on CONTINUITY to find (new) CHALLENGES for the work that is carried out in the field of Linguistics.

GRATO 2023 is organised around three indisputable and notable names of Portuguese Linguistics – Fátima Oliveira, Fernanda Irene Fonseca and Ivo de Castro. Each of the plenary sessions to be held will focus on the respective area of expertise, in an interpellation format, in dialogue with the research that is carried out by the Grammar & Text research group. By favouring this perspective, it is expected that the work presented at GRATO 2023 shall create an effective space for building knowledge, through debate and interaction, creativity and intervention.
